

## Check List of the Neuropteroidea of Lancashire &amp; Cheshire.

by  
Dr. M.Hull.

This check list is of the simplest type as proposed by S.Judd and only designates the presence or absence of a species from Lancashire and Cheshire and will act as a starting point for a more detailed distribution list. Those species recorded after 1970 are marked \* and new records †.

The nomenclature in this check list is from "Die Neuropteren Europas", by H. Aspöck, U. Aspöck and H. Hölzel (Goetze & Evers - Krefeld, 1980).
